TABC organizes the 9th edition of the **Financing Investment & Trade in Africa. FITA2026** will take place in **Tunis**, on **28-29 April 2026**, as one of the continent's premier platforms for **high-level dialogue, strategic partnerships, and impactful business engagements.**

This edition will spotlight some of Africa's most pressing and transformative priorities, with core themes focused on **Agribusiness and agro-industrial transformation, Infrastructure development, digital transition**, integration of **AI, innovation, and smart technologies.**

FITA2026 will bring together heads of government, business leaders, policymakers, development institutions, and private investors who are committed to work together under this edition theme "**African Value Chains: Developing Strategic Levers for the Transformation of the Continent**" through concrete, scalable, and inclusive solutions.

Organized by the **Tunisia Africa Business Council (TABC)**, **FITA** has become a recognized benchmark for promoting **economic integration**, facilitating **intra-African investment**, and enhancing **trade connectivity** across the continent.

FITA has firmly established itself as the **annual must-attend event for Africa's business, finance, investment, and trade ecosystem**. It serves as a vital platform for **strategic dialogue, high-level networking, and cross-border collaboration** among key African and international stakeholders.

The **9th edition** of FITA will feature a rich program of **Side Events** curated in partnership with renowned international institutions. Throughout the forum, a series of **bilateral and multilateral meetings** will be facilitated—connecting business leaders, government representatives, and institutional partners. These encounters aim to **promote intra-African cooperation, attract foreign investment to Tunisia as a strategic gateway to the continent**.

FITA2026 is more than a conference—it is a **catalyst for action**, designed to accelerate Africa's transformation and forge resilient partnerships across sectors and borders.
